SAP Strategic Evolution - SAP R/3 Handbook, Third Edition ...

The SAP R/3 Handbook, The book handles well the concepts of the SAP R / 3 as well as current versions of Java, however the title a bit distracting as it is not a manual of SAP, but anyway this book that aims to understand the concepts of the R / 3 as well as of the JAVA in a general way, so I consider it a good book from the academic attempt of not speciality in some topic, but does not see it as a manual at all.
